Founded in 1906, St. Stephen's Girls' College is one of the grant schools under Hong Kong Sheng Kung Hui. The school has a singular reputation for educating the whole person and graduating outstanding young women and future leaders. Each student brings her particular talents to the school through Academics, The Arts, Athletics, Community Service, or Citizenship and is assisted in achieving academic excellence and developing her own potential. Our graduates continue their education at top-tier post-secondary institutions around the world.

Through the Central Allocation System, approximately 50 percent of our Form 1 students come from St. Stephen's Girls' Primary School and 50 percent from other primary schools. The Admission Information Day is an opportunity for Primary 6 parents and students to learn about the school, our many exemplary programmes and how we support our students in making the transition to secondary education. Applicants for other forms are also welcome.

Agenda for the Information Day includes:

- Welcome and introduction
- Academics, admissions and transition
